

# TABCO 6000 INDUSTRIAL RAIL SYSTEM

TABCO 6000 glass railing is our most popular product for high end commercial and residential projects, and it appeals to several different styles. We offer a choice of 3/8", 1/2" or 3/4" glass combined with a wide variety of top cap handrails, hang off rails, shoe moldings, as well as metal trim cladding. The glass also can be tempered, laminated or a combination of both. The handrails for TABCO 6000 come in aluminum, stainless steel, bronze, brass, and wood.
